TO THE OPERATING ENGINEERS LOCAL 139 HEALTH BENEFIT FUND
SUMMARY PLAN DESCRIPTION/PLAN DOCUMENT, 2015 EDITION

The Operating Engineers Local 139 Health Benefit Fund has adopted the following changes to the Summary Plan Description/Plan Document, 2015 Edition:

1. The fourth bullet point on page 29 of the HRA Eligible Expenses Not Otherwise Covered by the Fund section is amended as follow:
 - Prescription medications from the United States ~~or Canada~~.

2. The eighteenth bullet point of the EXPENSES NOT ELIGIBLE FOR REIMBURSEMENT section, which is on page 29, is amended as follows:
 - Prescription medications received from outside the United States ~~or Canada~~ (such as from Canada or Mexico).

3. The Covered Prescription Drug Expenses section, which appears on page 44, is amended as follows:

~~You may see or have seen advertisements on television and in the newspapers about Prescription drugs being available from Canadian pharmacies outside the United States at a cost that is much lower than that of USA United States pharmacies. Note that it is not legal for the Fund to participate in a program that directly imports Prescription drugs from a foreign country. The Health Fund will also not reimburse you for Prescriptions that you individually purchase from pharmacies that are outside the United States. However, since this Fund's Prescription drug benefit allows reimbursement for Prescriptions that you purchase individually, the Fund will reimburse the applicable benefit toward the cost of Prescription medications covered under the Plan, including those purchased by you from a retail or mail order Canadian pharmacy. Be advised that the Fund has not done any comparison of Prescription drug prices nor has it investigated the safety of any specific Canadian drugs or pharmacies. In addition, if you use a Canadian pharmacy that obtains its drugs from other countries, any medications you purchase from that Canadian pharmacy will not be covered by the Fund.~~

4. Paragraph 12 of the COMPREHENSIVE MEDICAL BENEFIT EXCLUSIONS AND LIMITATIONS section, which appears on pages 45-46, is amended to include subparagraph e. as follows:

12.e. Prescription medications received from outside the United States (such as from Canada or Mexico).
